2014 Legislative Scorecard

ACLU

AMERICAN CIVIL LIBERTIES UNION
of COLORADO

About this scorecard

How we chose the scored bills

While there are many bills that we would have liked to include in our scorecard, we were limited to those that were voted on by both the House and Senate.

After narrowing down the bills to those that made it to the floors of both Houses, we chose the bills that we felt were the best representations of the civil liberties issues facing Colorado today. All of the bills we monitor, as well as the position we have taken on each, are available on our website.

Purpose of the scorecard

The purpose of this scorecard is to inform our supporters and the general public of where their legislators stand on civil liberties issues. Legislators may promise many things before an election, but there is no substitute for an actual vote. The scorecard is in no way meant to be construed as an endorsement of legislators who score well or a statement of opposition against those who do not.

ACLU Percent

The ACLU Percent reflects the percentage of scored bills in which each legislator voted favorably with the ACLU's position. If a legislator did not vote on a particular bill (marked as "E" for "excused" on the scorecard) their percentage score does not include that bill.

Bills we scored

HB 1032 Defense Counsel for Juvenile Offenders

Ensures that minors in Colorado have better access to legal counsel when they need it. Passed both houses with ACLU support.

Prohibits the jailing of people who cannot afford to pay their court fees or fines. Passed both houses with ACLU support.

HB 1388 Civil Damages Unlawful Termination of a Pregnancy
