I talked to the main vendors (MTC, LaSalle, Corecivic, GEO, and BOP). They can't guarantee dates because there are so many variables like finalizing the awards, equipment availability, facility prep, and staffing. But they are going to expedite their processes and we'll do the same. They are committed to moving actions as fast as possible.

One more update from yesterday –

Subject: Follow ups from Morning Meeting on Facility Capacity

Hi (b)(6),(b)(7)(C)

Following up from our meeting this morning, here's what I found (and didn't find) in the DCM system:

- 1) Diamondback: cleared DCM (last action today, 7/16/25)
- 2) Big Spring: no DCM
- 3) Big Horn / Hudson: cleared DCM (last action 4/28/2025)
- 4) Reeves: There is a DCM for Reeves from in legacy system from 2024 (last action 6/24/24). Nothing for the 2025 endeavor.

If you would like, I can identify the CORs for Reeves and Big Spring to see if they can initiate the DCM process.

Subject: S1 Approval for Contracts Over \$100k, Southern Ute Adult Detention Center (70CDCR25DIG000030)

Good afternoon,

Attached for DD and AD1 review is a request for approval for a contract exceeding \$100K.

The memorandum seeks the Secretary's approval for a new Intergovernmental Services Agreement (IGSA) with the Southern Ute Indian Tribe to provide detention and transportation services at the Southern Ute Indian Adult Detention Center in Colorado. The agreement (70CDCR25DIG000030) will support ICE Enforcement and Removal Operations (ERO) in the Denver area by offering up to (b)(7)(E) detention beds, alleviating pressure on other facilities in southwest Colorado. The estimated contract value is (b)(5) over five years, with annual obligations expected to remain under \$100,000. (b)(5)

(b)(5) Approval is requested before September 30, 2025, to meet fiscal year deadlines, as the agreement is critical to ICE's mission of detaining and transporting individuals in removal proceedings, ensuring public safety, and maintaining operational effectiveness.

This request has been approved by Acting ERO Executive Associate Director Charles.

Thank you,

Here is the updated ramp-up with the changes from Friday's meeting. In the tables below I updated the bed numbers for the OAQ priorities.

Note -- in the Buffalo SPC memo, they said they could double or triple current capacity, so I put (b)(5),(b)(7)(E) as a conservative estimate doubling current capacity (per (b)(6),(b)(7)(C)). Theoretically, it could end up being more.

Let me know if you have any questions or would like any changes.
