A few minutes ago, Shrub finally addressed the situation in Palestine. After spending a lot of time on "war on terrorism" stuff, he did "ask" that Israel halt incursions into Palestine-controlled areas and "begin" withdrawal, and asked that settlement activity stop, and referred to a settlement in accord with 242 and 338, all of which is a small step forward. He then announced that he is sending Secretary of State Powell to the area to implement UN res. 1402 for an immediate cease fire and withdrawal of Israeli troops. So, we shall see.

Meanwhile, there will be a rally this Friday, April 5, 4 - 6 pm, at Lincoln and 15th in front of the state capitol. The more people we can get out, the better.
