ANARCHIST BLACK CROSS DENVER (ABCD);  
AOT-DT-VC-CIVIL DISORDER

**Synopsis:** To document information regarding Sarah Bardwell and Food Not Bombs.

**Details:** As previously noted in serial 4, Colorado has several active Food Not Bombs (FNB) groups in Denver, Boulder, Fort Collins and Durango. On August 1, 2003, eight individuals were arrested at the so-called Denver FNB house at 1435 Lipan Street. The charges included obstruction police/fire, disturbing the peace, resisting arrest and assault. These arrests were noted in this investigation due to (i) the close association between FNB and the Anarchist Black Cross movement and (ii) the close proximity of the FNB house to 923 Lipan Street, the location of the Anarchist Black Cross Denver.

On March 20, 2004, three individuals were arrested by the Denver Police Department for crimes committed during an anti-war protest at the Federal Building, 19th and Stout. The police report noted that the protest was sponsored by Coloradans Opposing War. Sarah Rina Bardwell, 1065 Lipan Street, was identified as a point of contact for the protest organizers. Routine records checks identified Bardwell as a white female, DOB 06/02/1983, [redacted], with no criminal history. Her address, 1065 Lipan Street, was found to be associated with FNB and Derailer Bicycle Collective. This address was of interest to this investigation for the same reasons noted above. In addition, writer recalled that the Derailer group hosted a meeting place during the Columbus Day protests in Denver in October 2002.
